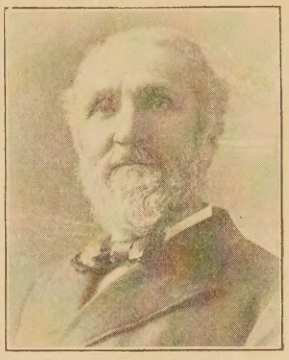
ALFRED H. COLBY
MANAGER

TO THE TRADE

We are pleased to present to you our new Catalogue in which we have used our best efforts to accurately, fairly, and completely show our lines and prices of Coverings and Supplies for the Upholstery, Mattress, Window Shade and Furniture Trades.



ANDREW DUTTON
PROPRIETOR

OUR principal business is Furniture Coverings, which are difficult to illustrate, and Supplies used by Manufacturers and Repairers. Our patterns are exclusive and being large Importers and Jobbers, we are in a position to quote the lowest market prices for the goods shown.

Our references for responsibility are any mercantile agency and for square dealing any one of 5000 customers sold to during the past 25 years.

Requests for Free Samples

WE will furnish to the TRADE only, samples of coverings, cut 10 x 12 inches, with color lines attached, for which we make no charge. We would, however, advise our customers to use large samples, as they show the pattern to much better advantage, and aid largely in making sales.

For customers not wishing to buy cuts of goods the full width for samples, we sell samples, cut half width, measuring 24 inches x 24 inches.

When requesting samples it would aid us greatly if customers would state plainly the quality they can use to advantage.

TERMS

For cash discounts see index pages.

All orders will be filled at our **lowest prices** on day of shipment, and we guarantee our prices to be as low, quality considered, **as the market.**

All prices are subject to change without notice.

WE GUARANTEE THE SAFE DELIVERY OF GOODS.

The prices of all goods in this Catalogue are subject to a TRADE DISCOUNT of 50 per cent.

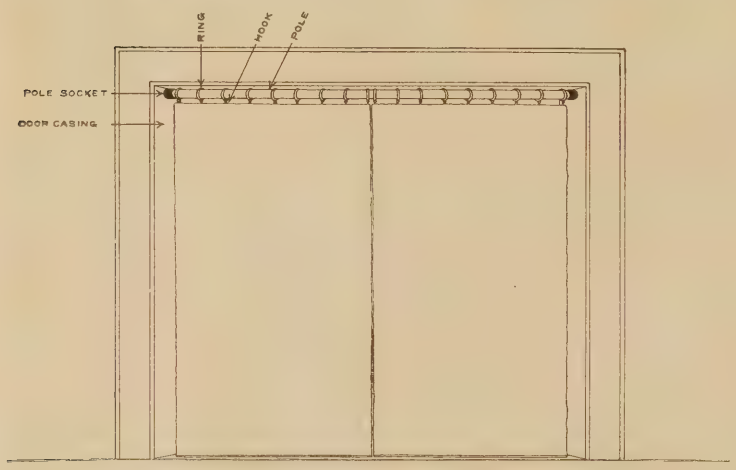
JAPANESE PORTIERES. It is very difficult to illustrate these goods and above cut gives but little idea of them. We have them at prices from **$5.00** to **$12.00** each, and in various artistic designs. The illustration is a portiere made in Japan, of shells, bamboo and glass beads. It is 40 inches wide and about 3 yards long.

Price, each **$5.00**

Special Portieres

We make to order Portieres, Draperies and over Draperies of all kinds—Damasks, Armures, Velours and Tapestries. Also Draperies for home, hall, lodge or theatre. Estimates gladly given on anything in this line. Any of our customers can take orders and figure on Drapery jobs with full assurance that they can do the work satisfactorily. Our price for a pair of 5½ feet long Double Faced Linen Velour Portieres with rolled edges is $37.00 and for a pair of back to back Single Faced Linen Velour Portieres, same size, is $54.00. Below is a cut and directions for measurements, the use of which will enable you to give correct measurements.



This sketch shows the usual method of hanging Portieres that are made to order.

You will notice they hang inside the door casings. In giving measurements, give the height from the floor to the under side of the top casing, and the width between the two side casings; also the size of the pole you intend to use, and we will make the necessary allowance for rings, etc.

Rope Portieres

No. 19114-80. 6 ft. wide, 7½ ft. long, heavy Chenille in Red or Green.

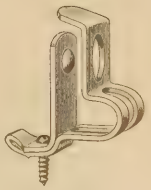
Brackets and Poles



Outside.

Inside.

"Snap" Curtain Rod Holders are made for standard ⅜-inch brass curtain rod. Well designed, and made of the best spring brass, they are the best curtain rod holders on the market.

The rod is locked in place so that it cannot fall or be accidentally knocked down.

At the same time, rod may be easily put up or taken down by a well directed pressure.

No knobs to fall on the floor or out of the window, no screw threads to jam so that the curtains can not easily be put up or taken down. The SNAP Curtain Rod Holder all in one piece. Put up in single cartons with screws, ¼ gross cartons in a box.

Outside Snaps .....per gross, pairs **$18.00**

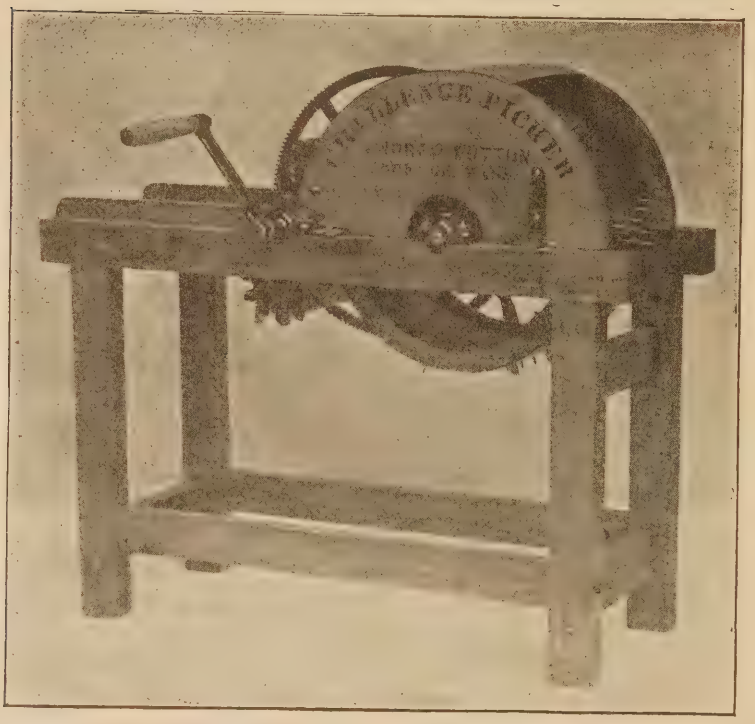
The "CHALLENGE" Picker

All prices and discounts on Picker are net



IS made for and sold by **Andrew Dutton,** No. 8 Canal St., Boston, Mass., and is guaranteed in every respect. Every part is warranted for one year, and we consider it the best hairpicker in the market. It will soon pay for itself in the saving of time and labor.

The frame is of hard wood securely bolted; the journal bearings are lined with metal; and the gearing is covered with an iron guard.

The price is $30.00 with 5 per cent discount for cash with the order, or $30.00 net, $10.00 down and $5.00 per month on lease until paid for.

If in good condition I will buy it back at any time within two years and pay you $15.00 cash for it; after two years and within five years, I will pay $10.00 cash.

Paint of all Kinds

Although we do not carry paint in stock I have made arrangements with one of our near neighbors to catalogue part of his stock and quote wholesale prices. Shall be glad to secure special prices on large lots.

Factory Mixed Paint Ready for Use

It goes without saying that paint can be mixed much better in a mill than it can by hand, that is, stirred up with a stick by the painter. Harvard Paint is an old fashioned painter's paint, carefully compounded, ground fine, and mixed thoroughly by competent men with the aid of modern machinery.

A good Mixed Paint rarely spots out because the color, lead, zinc, oil, and driers are thoroughly ground and mixed, ensuring a good Job. Harvard Mixed Paint is put up in

5 gal. Kits at	$3.00
1 gal. Pails at	3.20
½ gal. Pails at	1.60
¼ gal. Pails at	.90

Inside and Outside White and Ordinary Colors

Harvard Screen Paint

This is a special Black made for both wire and frames. Spreads easily and dries hard with a gloss, over night, and will cover three times the surface of the ordinary kind. This Screen Paint should not be confounded with the common Black Varnish Screen Paint which is only suitable for wire, and is hard to spread, fills up the meshes, and is sticky. Harvard Screen Black, and Dark Green is put up in

Invalid Furniture

Although we do not carry in stock these goods they are carried by a near neighbor and we are pleased to include cuts and prices of one of his lines—Invalid Wheel chairs. These can be hired for temporary uses at $5.00 per month. They also have second hand Chairs at low prices.

The illustration is of a substantial, popular chair, well built from the best materials; light, strong and easy to run; easily adjusted at a convenient angle; conforms to the comfort of the body in shape, curves, pitch and proportions. Price, ... **$30.00** each

White Mountain Hammocks

Made of heavy duck (white or brown) with frame work of oak.

Has 36 double cone springs. Size 6 ft. 2 in. long and 30 inches wide.

Has detachable wind shields, costing $2.00 each.

Price $18.00, including Chains and Mattress of either Red or Green Denim.

The same hammock without springs, price, $10.00 and $12.00 each.

A Full line of Palmer's Patented Hammocks

All Palmer Hammocks are fitted at both ends with a special ring, having an eye which allows a jamming half hitch to be taken in the hammock rope. This makes the adjustment rapid and easy and obviates the constant danger of knots coming untied.

Twenty-two Medals and Awards have been granted the I. E. Palmer lines at National and International Expositions.

The advantages of the oldest established business, the most completely equipped plant, the most original styles and constructions, and the most comprehensive lines to be found in our field are offered.

We carry these goods in stock at prices from **$2.00** to **$10.00** each.

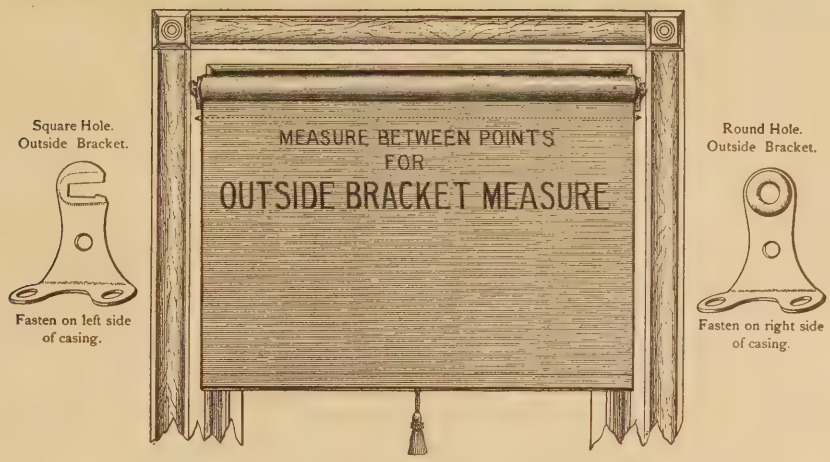
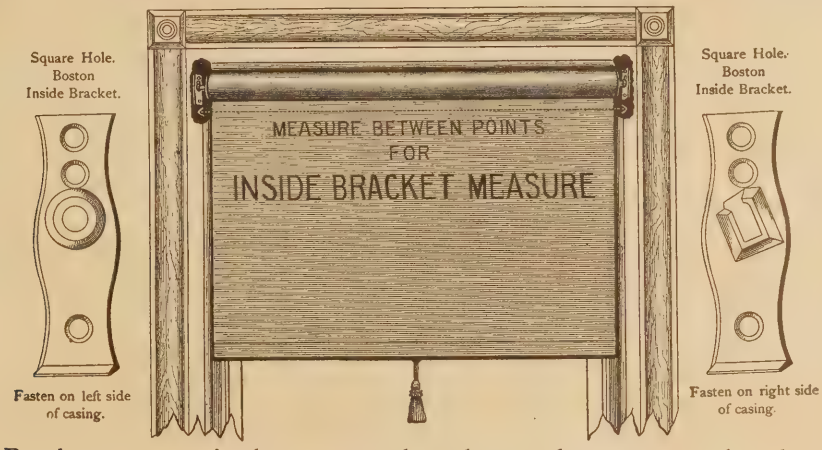
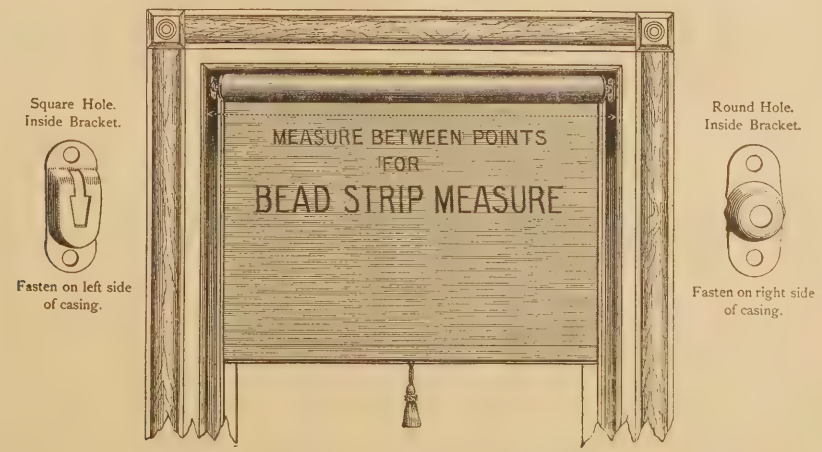
Directions for Measuring Window Shades



When brackets are placed on the outside of window frame, as shown in cut above, the measure from extreme outside of brackets is called **Outside Bracket Measure.**



Inside Bracket measure is the term used to denote the measure when brackets are to be placed in the sash run, over the weight pulleys, as shown in cut above.



Bead Measure is the term employed when brackets are to be placed on the face of the bead strips as shown in cut above.

Stock and Special Window Shades

We carry in stock an immense line of every thing entering into the manufacture of window shades, also a large number of so-called **Stock Shades** ready to ship at a moment's notice. Prices are always as low as the market for same goods.

Anyone can do a shade business by having our samples and carefully following our directions for measuring, hanging, etc., as shown on page 103.

When ordering shades always state whether you give window length, finished shade length, or cut length. When measuring for Inside Brackets and Bead Brackets, the measure should be taken from wood to wood, where brackets are to be placed.

Did you ever hear any complaint about a Hartshorn Roller ?

Price List of Stock Shades

Special Shade Orders

When ordering Special Shades, save time and possibility of error by always carefully specifying the following:

What quality and color of goods wanted.
Whether shades are to be hemmed on edges or not.
Whether shades are to be mounted on rollers or not.
What measurement for width is given, viz.: finished shade measure or bracket measure.
What measurement for length is given, viz.: finished shade length, cut or window length.
Whether pulls are wanted, and, if so, what kind.
Prices for Special Shades do **not** include pulls, and none will be sent unless ordered.
